

an introduction

MAPPLE is leading manufacturer of water solution products in india. It Manufactures Submersible Pumps & Monoblock Pumps. It ensures the best quality of Its products and series, consumer satisfaction stand above everything else for us. Wide variety of Submersible pumps, Monoblock pumps are available with us. MAPPLE will continue to make its name in industries by contributing more and better products for your water needs.

MAPPLE is known for both its quality and commitment for innovation. It choose best quality raw material, latest design to provide value for your money. Select form unmatched designs and see the difference.

APPLICATIONS

- Domestic, Agriculture, industrial water use
- Moderate sized fire fighting system
- Sprinkler and drip irrigation system
- Water boosting for high rise buildings

NOTE

WF - Water Filled
OF - Oil Filled
SP - Single Phase
TP - Three Phase

2P - Two Phase
HH - High Head
HF - High Flow
MF - Mix Flow
